URNAL OF BEHAVIORAL MEDICINE – Volume 8, 1985

Journal of Behavioral Medicine is a broadly conceived interdisciplinary publication devoted to furthering our understanding of cal health and illness through the knowledge and techniques of behavioral science. Application of this knowledge to prevention, nent, and rehabilitation is also a major function of the journal, which will include papers from all disciplines engaged in behavioral cine research: psychology, psychiatry, sociology, epidemiology, anthropology, health economics, and biostatistics. Examples of al research areas of interest include: the study of appetitive disorders (alcoholism, smoking, obesity) that serve as physical risk rs; adherence to medical regimen and health maintenance behavior; pain; self-regulation therapies and biofeedback for somatic ders; sociocultural influences on health and illness; and brain–behavioral relationships that influence physiological function. Articles dered for publication include: theoretical and review articles, experimental studies, technical and methodological articles, and studies.

TOR-IN-CHIEF

oyle Gentry, Ph.D., Department of Behavioral Medicine and Psychiatry, University of Virginia Medical School, Charlottesville, ginia.

OCIATE EDITORS

am A. Ayer, D.D.S., Ph.D., Amern Dental Association, Chicago
